**Subject:** RE: List of Remaining Marked-up Drawings for Victory Energy Licensee Agreement

Mark,

As these drawings are outside of the basic license agreement, we should put a disclaimer in the transmittal to Victory that they are for use on this specific project only. Otherwise we will be extending the license agreement if we allow them to use these drawings for other projects without some compensation.

Dan Levstek

**Subject:** List of Remaining Marked-up Drawings for Victory Energy Licensee Agreement

Mark,

The following is a list of the remaining marked-up drawings that are to support the Licensee Agreement with Victory Energy. I have made you two (2) prints each for your distribution. The Structural Base Drawing, S200, has the details of the Guide and Hold-Down Clips.

Shipping Clearance Diagram - G110  
 Burner Box - S100  
 Warning Plates - S113  
 Sub Girt Clip - S101  
 Foundation Load Diagram - G200  
 Roof and Side Casing - S209  
 Rear Wall Lagging - S121  
 General Arrangement - G100  
 Upper Drum Casing - S105  
 Roof Stiffeners and Side Supports - S205  
 Gas Outlet - S103  
 Front Wall Seals and Supports - S202  
 Rear Wall Seals and Supports - S206  
 Welded Outer Side Wall Assembly - L700  
 Welded Furnace Wall Assembly - L800  
 Welded Rear Wall Assembly - L600  
 Welded Front Wall Assembly - L500  
 VSB Wallbox Detail/Installation - S104  
 Structural Base - S200  
 Front Wall Lagging - S117  
 Observation Port Detail/Installation - S107  
 Furnace Access Door ( 12" x 16" ) - S108  
 System Schematic - G120  
 Standard RTI Views - G400  
 RTI & Tube Arrangement Sht.1 of 2 - G401  
 RTI & Tube Arrangement Sht.2 of 2 - G402  
 Furnace Gas Seals - S115  
 Boiler Tube Layout - A101  
 Rear Wall Tube Layout - A103  
 Front Wall Tube Layout - A104  
 Side Wall Seals Assembly - S208  
 Side Wall Seals Detail - S120
